I do not support expansion of the airport as it certainly harm the Mattawoman Watershed. As an educator, we need to protect and preserve the Mattawoman Creek and watershed for current and future generations and wildlife. As a teacher in Charles County many years ago we would take students on field trips so they could understand the importance of protecting habitats for humans and wildlife. The eagles, herons, turtles, frogs, fish need the wetlands and water to survive! Please vote to protect the Mattawoman Watershed and do not grant the expansion of the airport as more air and water pollution will harm the area for current and future generations.
